

## 2021 METER EQUIVALENCY RATES

**Effective for billings on or after March 1, 2021.**

Accounts except those in Single Family Residential classification are subject to a Meter Equivalency Rate which is applied to the Base Water and Base Wastewater Charges as per the AWWA standard.

| <b>Meter Size</b> | <b>Equivalency Units</b> |   | <b>Monthly Base Charges</b> |
|-------------------|--------------------------|---|-----------------------------|
| 1" Meter          | 1.4                      | = | \$36.40                     |
| 1 ½" Meter        | 1.8                      | = | \$46.80                     |
| 2" Meter          | 2.9                      | = | \$75.40                     |
| 3" Meter          | 11                       | = | \$286.00                    |
| 4" Meter          | 14                       | = | \$364.00                    |
| 6" Meter          | 21                       | = | \$546.00                    |
| > 6" Meter        | 21                       | = | \$546.00                    |
