

City of St. Catharines Development Charges

By-Law No. 2021-140 effective January 1, 2022 to January 1, 2027

Purpose of Development Charges

The general purpose for which the municipality imposes development charges is to assist in providing the infrastructure required by future development in the municipality through the establishment of a viable capital funding source to meet the municipality's financial requirements. Development Charges are collected to help pay for the cost of infrastructure required to provide municipal services to new development, such as roads; transit; water and sewer infrastructure; fire services infrastructure; and park amenities, libraries, and community centres.

Development Charges are charges governed under the Development Charges Act, 1997 and are reviewed and collected as part of the building permit fee process. The Development Charges rates set in By-law 2021-140 are indexed annually on January 1st based on the non-residential construction cost index, with the first indexation occurring on January 1, 2022.

Development Charge Rules

The main rules for determining if a development charge is payable in a particular case, and for determining the amount of the charge, are as follows: The By-Law 2021-140 applies to all lands in the geographic area of the City of St. Catharines subject to subsection 3.3 and schedule C. Lands owned by and used for purpose of a municipality, local board thereof or school board, or lands vested in or leased to a university are wholly exempt from development charges under the By-Law 2021-140.

Statement of the Treasurer

As required by *the Development Charges Act, 1997, subsection 43* the Treasurer for the City of St. Catharines must prepare an annual financial statement reporting on the status and transactions relating to the Development Charges reserve funds for the previous year. This statement is presented to the Council of the City of St. Catharines for their review and may be reviewed by the public in the Clerk's Department during business hours.

Notes to By-Law No. 2021-140

Approvals for Development

Development charges are imposed if the development of land, buildings, or structures requires any of the following:

- The passing of a zoning by-law or amendment
- The approval of a minor variance
- A conveyance of land not subject to part-lot control
- The approval of a plan of subdivision
- A consent
- The approval of a description for a condominium
- The issuing of a building permit

Exemptions for Residential Developments:

- The enlargement to an existing residential dwelling unit
- The creation of one or two additional dwelling units in an existing single detached, semi-detached or row dwelling
- The creation of additional dwelling units equal to the greater of one or 1% of the existing dwelling units in an existing residential rental building with four or more dwelling units

Exemptions for Industrial Developments:

- The enlargement of the gross floor area of an existing industrial building: the gross floor area (GFA) is enlarged by 50 per cent or less of the original GFA

Notes to By-Law No. 2021-140

Other Exemptions or reductions for Development Charges:

- Agricultural and Farm Buildings
- Detached accessory dwelling units are treated the same as attached accessory dwelling units, as long as the accessory dwelling unit is no larger than the smallest existing unit
- Entrance feature canopy, gas station or drive-thru canopy

Reduction of Development charges with respect to redevelopment and conversion of a residential, non- residential or Brownfield will be calculated and reduced according to section 3.9 of the By-Law where: as a result of the redevelopment of land, a building or structure existing on the same land within 3 years prior to the date of payment of development charges in regard to such redevelopment was, or is to be demolished, in whole or in part, or converted from one principal use to another principal use on the same land.

Grant Programs related to Industrial Developments, Affordable Housing Developments, and Urban Growth Centre, shall be maintained by the City to provide grant towards the development charges payable in accordance with the Development Charge grant programs approved by the City.

A list of the services for which city-wide development charges are imposed and the amount of the charge by development type is as follows:
