

City of St. Catharines holiday closures

Dec. 22, 2020 — Several City facilities will be closed this week for the holidays.

Closures are set to begin on Dec. 24, with several facilities remaining closed after the holiday break as part of the province-wide COVID-19 shutdown.

During the closures, residents can call 905.688.5600 to report problems on City streets and sidewalks; sewer and water issues; or fallen trees. For COVID-19 emergency order enforcement issues during holiday closures, the public can call the Niagara Region's dispatch line at 905.984.3690 or 1.877.552.5579.

Please note this release only addresses holiday closures of City facilities that were already open. Facilities that remain closed as part of the initial COVID-19 response, such as Older Adult Centres and the St. Catharines Enterprise Centre, have not been included. Continue reading for a complete breakdown of holiday closures.
