

Backflow Prevention Contractors

The following is a list of companies providing services specific to backflow prevention. These companies requested to be included in this list in response to notice under the City of St. Catharines Backflow Prevention Program. This information is provided for the convenience of water service customers only and the City of St. Catharines makes no representation about the ability of the companies to provide backflow prevention services and does not warrant their work. Customers must use judgment in contracting with any company. It is not intended to exclude other companies qualified to perform this work. Any company that offers backflow services can request to be added to this list.
